Deliverable: Requirements

ID	Type	Description	Priority	Acceptance Criteria	Rationale
FR-001	Functional	The system shall apply a dynamic diagonal overlay watermark to all draft illustrations uploaded by artists before displaying them to the client.	High	Pass: Watermarked draft rendered in client portal. Fail: Unwatermarked high-res image exposed before final payment.	Protects the artist's work from unauthorized use before payment.
FR-002	Functional	The system shall allow clients to submit visual creative briefs for their art commissions.	High	Pass: Client can submit and save the creative brief successfully. Fail: Client cannot submit the required brief.	Helps the artist understand the client's requirements.
FR-003	Functional	The system shall allow clients to view WIP drafts and request changes.	Medium	Pass: Client can view the draft and request changes. Fail: Client cannot review the draft or request changes.	Helps the artist improve the artwork based on the client's requirements.
FR-004	Functional	The system shall allow clients to make milestone payments through the portal.	High	Pass: Payment is recorded successfully. Fail: Payment status is not updated correctly.	Supports milestone payments

ID	Type	Description	Priority	Acceptance Criteria	Rationale
FR-005	Functional	The system shall unlock the final high-resolution source file only after the required milestone payment is completed and verified.	High	Pass: Final file is available after successful payment. Fail: Final file is available before payment or not available after payment.	Makes sure that the final artwork is released only after payment.
NFR-001	Performance & Security	Final high-resolution asset downloads must generate expiring signed S3 URLs valid for 60 minutes only.	High	Pass: Download URL expires after 60 minutes. Fail: URL works after 60 minutes.	Limits unauthorized and longer access to final assets.
NFR-002	Performance	The system shall display a watermarked draft within 10 seconds after the artist submits it.	Medium	Pass: Watermarked draft is displayed within 10 seconds. Fail: Watermarked draft takes more than 10 seconds to display.	Provides a fast user experience.
